

CARAVAN TRAILER

UTC INDUSTRIES provides a luxurious and comfortable camping experience with its cutting-edge features that surpass expectations.

UTC caravan trailer outer mild steel body and a distinctive double-axle and single design that offer durability in even the harshest weather conditions, while its lightweight structure ensures a smooth and effortless driving experience.

Additionally, UTC provides ample storage space for all your long trips, so, you won't have to compromise on anything you want to bring with you. Moreover, we have not forgotten about outdoor enthusiasts who enjoy cycling, hunting, fishing, mountaineering, and many other nature sports.

We have thoughtfully designed special areas in the caravan for you to carry your hobby equipment with ease and care.

12FT OFF ROAD CARAVAN

- For more than a decade now, we have been designing and building caravans that are safe, secure, robust, comfortable and convenient.
- Best things come in small packages. Complete comfort and reliability in every aspects, and multifunctional using ways turns a normal living interior into an effective and convenient toy garage on the road.

A Lifting Double Bed

Offers an extra garage space when it is not being used, and two sleeping capacities when lifting down.

B Sandwich Composite Panel

FRP + Aluminum Frame + XPS Foam Core+ FRP, with a high-density, stable and hydrophobic foam with high noise and thermal insulation.

E Pull-down Rear Ramp

An open back with ramp makes it easy to drive your motorbike or carry other large item in and out of the caravan.

F Independent Suspension

Keep a smoother and more stable ride whether on the highway or on rough terrain.

D Folding Sofas

Flips up to the wall for more storage space, and flips down converting to bed feature with two additional sleeping capacities.

C Front Checker Plate Tool Box

Provides ample additional storage space.

G Garage Storage Space

Could store your motorbike and bicycle for your favorite outdoor activities when the garage is free.

H Adjustable Rear Screen

Leave the door open, the screen down to keep out bugs, shade the caravan interior and allow ventilation. Suddenly you have a comfortable room that gives more of the outdoor feeling.

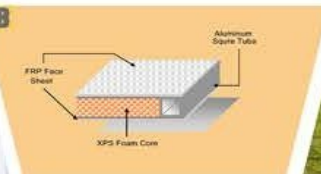

I Folding Extended Table

Put the removable table back in place to get a roomy dining area.

J Ram Door Patio Setup

The garage can be accessed through the ramp door, which converts to a patio as an option.
